Harbor City, CA 90710

**Re: CPF No. 5-2005-0027**

Dear Mr. Javier:

On January 12, 2006, I received your response to CPF No. 5-2005-0027. Your analysis of the requirements of 49 CFR Part 192.605(b) is accurate. The regulations require you to have procedures prior to performing any regulatory requirement in Subpart I, L and M.

Please be advised that we have withdrawn this case.

Sincerely,

Chris Hoidal  
Director, Western Region  
Pipeline and Hazardous Materials Safety Administration
